D a G D
From the glowing fragments of remains
D a G D
the soul shall rise from amongst the flames
h C G D
from smouldering ruins the power grows
h C G D
feel the pulse of fear as we regain control

Asking for redemption we laugh and look away
there shall be no exception revenge on man begins
today
you thought it's all over but it's only just begun
for your life is mortal look to what fate will become

Chorus:
Fis G
Learn to live afraid of what may be
A h
for we possess this world and all that you see
Fis G
visions of the future reflected in the past
A h A
existing in the present which surely cannot last

Out of the ashes of a million dead
the children of tomorrow now are led
into the darkness as emotions slowly
memories of a past cannot be saved

Break: G C D

Solo:
A G h A
A G h A
