C F

Will you be there when I4m drowning

C F

Drowning in the deep of your eyes

C F

Will you be there when I4m suffering

G G

Deranged or will you just hide

Ref

And more and more and more

Will you give birth to my children

And carress them safe through the night

Will you always wear this one ring

Will you forgive me my lies

Will you just stand for a lifetime

Accepting what i will do wrong

Or leaving me just with another

More gentle and handsome and strong

Is it me that you4re attracted

Or the money I never will earn

Or my everlasting desire

Baby, that never returns
