DA h  
Do you remember that night on the beach,  
DA h  
Where the stars in the sky were passed out of reach.  
DA h  
I hear words in the wind from the fishing boat,  
DA h  
Feel the wind in my hair as we take a  
GA h  
Roll and tumble, roll and tumble  
GA h  
Roll and tumble, roll and tumble

We met ourselves in a strange city,  
In a hotel room on a balcony.  
I hear lovers and fighters down in the street,  
Feel your lips on mine as we take a  
Roll and tumble, roll and tumble.  
Roll and tumble, roll and tumble

The times has come now for me to run,  
But there4s so much fun to catch upon.  
I will tell no soul where I4m going now,  
No one will know when I take a  
Roll and tumble, roll and tumble.  
Roll and tumble, roll and tumble
