

An Early Cascade "Lightning Speed"

Visit "[Lightning Speed](#)" on MotoLyrics.com

I fell into a dream
Of lightning speed
Through infinite space
Hunted by dark figures and shapes

It feels like I have been through all this before
I just want to wake up, I just want to wake up

I fell into a dream
Of lightning speed
And alighted on a creek
Clearly intended for drowning me

The flash before my eyes
The disclosure of disguise

The flash
The disclosing

It feels like I have been through all this before

I fell into a dream of lightning speed
I fell into a dream of lightning speed

It feels like I have been through all this before
I just want to wake up, I just want to wake up
