IÃfÂ, 'm thinking of your liquid touch
A little love, just canÃfÂ, 't get enough (2x)

Day and night IÃfÂ, 'm hypnotized
The temperature starts to rise
And I can feel the heat
And I canÃfÂ, 't bear to speak
Now IÃfÂ, 'm overcome
LetÃfÂ, 's take it one to one
Slipping to the groove somehow
Because I want it now
IÃfÂ, 've got to have it now

Refrain:

Talk to me what are you thinking of?
I canÃfÂ, 't breath I need your liquid touch
CanÃfÂ, 't you see I want a little love
Talk to me I just canÃfÂ, 't get enough
Over and over release me and baby talk to me
Uncover, discover and baby talk to me
IÃfÂ, 'm thinking of your liquid touch
A little love, just canÃfÂ, 't get enough (2x)

Slow and cool a liquid smooth
Come on with my appetite
Feed me through the night
Now the time is right

Refrain
