i know you wanted clouds for company  
but you got me, you got me.  
and i could give you grief about the divide  
that i face every night, it's every night.  
but i know, i know, i know  
or i learn pretty quickly  
that's just the way things go,  
the way things go.

but i'm not asking for all that much,  
just please wake up.  
please wake up.

i know you wanted someone else for company  
but you've got me, you've got me.  
and you could give me grief about the divide  
that is oceans wide, it's oceans wide.  
but i know, i know, i know  
well i learn pretty quickly  
that's just the way things go you said,  
the way things go you said.

and i'm not asking for all that much,  
just please wake up.  
please wake up.

and my brain  
nearly lead down my chest  
when they opened yours up.  
and my heart  
nearly jumped out of my head  
when they said that yours might stop,  
yours might stop, yours might stop, yours might stop.  
yours might stop, yours might stop, yours might stop.

please don't stop, please don't stop.  
please don't stop, please don't stop.

but i'm not asking for all that much,  
just please wake up.  
please wake up.

i'm not asking for all that much,  
just please wake up.  
please wake up.

please wake up,  
please wake up.
