You're a firehead in my mind,
But you're out of bounds
And that is fine.
I don't know why they store them up like they do,
But I know you've got better things to do.
To do,
To do,
To do.

Know this, know this.
I've noticed that you're not fine.

There's that moment that I end again,
I haven't forgotten a single one,
I look out for you,
I swear I do.
But I think everyone's lost their mind,
Their mind,
Their mind,
Their mind.

Know this, know this,
I've noticed that you're not fine.
Know this, know this,
We've noticed that you're not fine.

Know this; we've noticed that you're not fine.
Know this; we've noticed that you're not fine.
Know this; we've noticed that you're not fine.
Know this; we've noticed that you're not fine.

(I've seen this before in everyone,
We all take her turn out the bottom and then we
Go around 'til we can find somethin' to hold onto,
Go around 'till we can find somethin' to hold onto.)

Know this; we've noticed that you're not fine.
Know this; we've noticed that you're not fine.
Know this; we've noticed that you're not fine.
Know this; we've noticed that you're not fine.
Fine,
Fine,

Fine.

There's that moment that I end again,
I haven't forgotten a single one.
