Just another cigarette drowning  
Standing on my own in the toilet  
Nicotene sunset  
Flushing the last down the loo  
How did I really get into this?  
Its all about forgetting  
For I register everything  
Ever said by anyone  
But sometimes I give in  
I like deleting everything  
Its only a kind of illusion  
Another day another conclusion  
Its too messy in my head man  
No use of telling me something  
Ill remember but one thing  
I go mad  
For I register everything  
Ever said by anyone  
But sometimes I give in  
I like deleting everything  
Im easy on the outside  
Easy every other day  
Watching for star sign  
Watching every little damned thing falling off  
Look at me forever  
Look at me for I wont mind  
Love me forever  
Love me just a little once in a while  
Love me just a little once in a while  
Just a little of a life time  
Register everything  
Ever said by anyone  
But sometimes I give in  
I like deleting everything  
Im boring you to tears  
Driving you crazy complaining  
Eagerly in all ears  
Now is the thing I hear  
Head over heels in love with you  
Crashed completely dear  
For I register everything

Ever said by anyone  
But sometimes I give in  
I like deleting everything
