Girl, I feel all I need is only you  
And I know in your heart  
You feel this way too

Boy, your love is everything I've ever known  
And I know with your love I can't go wrong  
Let me give you this love  
Oh boy, and I'll give you my trust

I need you, I want you  
I love you, my dear  
You're my angel of love  
Oh boy, yes you are  
You're my angel of love  
ooh  
You're my angel, my angel of love

Girl, I feel all I need is only you  
And I know in your heart  
You feel this way too

Oh boy, your love's captured me right from the start  
Under star you became a part of my heart  
Let me give you this love  
Ooh, yes, and I'll give you my trust

I need you, I want you  
I love you, my dear  
You're my angel of love  
Oh boy, yes you are  
You're my angel of love  
ooh  
You're my angel, my angel of love

I love you, baby I need you  
You're my angel girl  
You're my angel  
You're my, my angel of love
