Move your body  
Are you ready boys?  
Body language  
Here we go

I've got a secret I can't keep  
But every time we need  
My body hungers (hungers)  
You're too shy to let me know  
What you feel inside  
Makes me wonder (wonder)

I don't know what am I to do  
And how I'm gonna get to you (oh baby)

Body language, I love how your body talks to me  
It's easy to see  
Body language, I love how your body talks to me  
I keep talkin' (talkin')

When you're walking down the street  
All the girls can see  
That you're a knockout (knockout)  
Broken hearts are at your feet  
But you still hold the key  
to keep the love out (the love out)

I'd do anything that you want me to  
just to get close to you

Body language, I love how your body talks to me  
It's easy to see  
Body language, I love how your body talks to me  
I keep talkin' (talkin')

Everyday I try not to resist  
watching you go by  
Should I wait for you to make that move  
or should I scream, if you care baby

Body language, I love how your body talks to me

It's so languish  
Body language, I love how your body talks to me  
I keep talkin' (talkin')  
Body language, I love how your body talks to me  
talk to me, talk to me, talk to me, now baby  
Body language, I love how your body talks to me  
I keep talkin' (talkin')

Body language, I love how your body talks to me  
Should I wait, should I wait for you to make a move  
Body language, I love how your body talks to me  
I keep talkin' (talkin')  
It's a knockout, it's a knockout,  
My body hungers for you  
oh ooh oh ooh
