All the roads lead to L.A.  
The place to meet Jesus  
And make friends with Mary-Jane  
If you've got music on your brain  
Well here's the right place  
To get into the game

Cause we all want the same  
Yeah we all want the star with our name

All the roads lead to L.A.  
You worshippers of sunshine  
You seizer's of the day  
If you've got something to say  
Here's room for everyone  
Black, white, straight or gay

Cause we all want the same  
Yeah we all want the star with our name

Yeah all the roads lead to L.A.  
Let's drive into the desert  
And dance the night away  
Do you remeber how to play?  
Wake up the kid inside you  
And catch the next wave

Cause we all want the same  
Yeah we all want a star with our name

Welcome to L.A. La-la-la...
