Yeah

Turn around take a look at my life  
I'm a lot like you are  
Try to hide from yesterday  
Still the pain never went away  
Could it be, history  
All the time just repeatin' on me?  
Thought that I could break the chains,  
The tears and pain, but here I go again

Over and over  
On and on  
Keep on singing that same old song you know  
Is that the way the story goes?  
(Same old story)  
Hey  
(Over and over)  
Round and round  
This world keeps turing me inside out you know  
Is that the way the story goes?  
(Same old story)  
C'mon

Turn around take a look at your life  
Thinkin that you're living right  
Judging only on what you see  
Just reflections of your misery  
All the shame, from all the names  
Build the walls when we're all the same  
You think you got an alibi, but it's a lie  
Don't even try

Over and over  
On and on  
Keep on singing that same old song you know  
Is that the way the story goes?  
(Same old story)  
Yeah yeah yeah yeah  
(Over and over)  
Round and round

This world keeps turning me inside out you know  
Is that the way the story goes?  
(Same old story)

And you don't know baby  
How you're gonna survive  
In these troubled times  
But if you seek then you shall find  
Yeah

I say  
Sing it with me y'all

Over and over  
On and on  
Keep on singing that same old song you know  
Is that the way the story goes?  
(Same old story)  
Yeah  
(Over and over)  
Round and round  
This world keeps turning me inside out you know  
Is that the way the story goes?  
(Same old story)  
No no

Over and over  
On and on  
Keep on singing that same old song you know  
Is that the way the story goes?  
(Same old story)  
Yeah  
(Over and over)  
Round and round  
This world keeps turning me inside out you know  
Is that the way the story goes?  
(Same old story)

Over and over  
On and on  
Keep on singing that same old song you know  
Didn't you know I'm not that kind?  
(Same old story)  
Yeah  
(Over and over)  
Round and round  
This world keeps turning me inside out you know  
Is that the way the story goes?  
(Same old story)  
No no no no no no

Over and over  
On and on  
Keep on singing that same old song you know  
Is that the way the story goes?  
(Same old story)  
Yeah  
(Over and over)  
Round and round  
This world keeps turning me inside out you know  
Is that the way, oh, the story goes?  
(Same old story)

Over and over  
On and on  
Keep on singing that same old song you know  
Is that the way the story goes?  
(Same old story)  
Yeah  
(Over and over)  
Round and round  
This world keeps turning me inside out you know  
Is that the way the story goes?  
(Same old story)
