They look at you  
In a way that's kind of lazy  
They look away and  
They just don't care

They're hard to get  
It really drives you crazy  
A major challenge  
For the ones who dare

To see what you get  
(What to get)  
And they're so hard to forget  
(So hard to forget)

[CHORUS]  
Don't mess with shy boys  
They'll stay out of the way  
You never know  
What you're gonna get  
When you date shy boys  
Shy boys, shy boys  
Are dangerous for me  
I melt like honey in their hands  
When I see shy boys

I don't know why  
But I can never resist him  
When a boy is shy  
He really gets to me

He looks so cute  
And almost kind of helpless  
That I just want to  
Take him home with me

When you meet that perfect smile  
It's a guy who's really wild  
(Who's really wild)

[Repeat CHORUS]

He's really not so nonchalant  
This boy is everything  
You could ever want, ooh, yeah

Shy boys turn my head around  
Upside down always happens  
In this world of macho guys  
Shy boys are my main attraction

Shy boys  
They'll stay out of the way  
You never know  
What you're gonna get  
When you date shy boys  
Shy boys, shy boys  
Are dangerous for me  
I melt like honey in their hands  
When I see shy boys

Shy boys (shy boys)  
They'll stay out of the way  
(Shy boys) you never know  
What you're gonna get  
You never know  
(Shy boys, shy boys)

Shy boys (shy boys) yeah  
Shy boys, I melt like honey  
In their hands (shy boys)

Shy boys, shy boys  
You never know  
What you're gonna get...
