I've forgotten how you fell for me
You made promises, you could not keep
Free from pain your love is more than all
In a minute everything is gone
In a minute everything is gone
There's no time for, all the new regrets
It wasn't perfect but it was as good as perfect gets
I've seen through you by looking at myself
Maybe love is made for someone else

But I can't go on like I feel the way I do
With so much emotion I'm confused about you
Why
Why
I could answer, but I won't even try
Why
Tell me why
Are there questions unanswered in my mind

This all ends you fit me in my place
Share the crisis I've had to face
Here or there back or forward I don't know
Did you ever mean to let me go
I ask you, did you ever mean to let me go

I've been searching for a lifeline
But I'm not alone because I've got
Myself and I
I been trying to move out for some time now
I been down and out, but I'll come around

But I can't go on like I feel the way I do
With so much emotion I'm confused about you
Why
Why
I could answer but I won't even try
Why
Tell me why
Are there questions unanswered in my mind
Are there questions unanswered in my mind
So many questions unanswered
Questions answered

I can't go on like I feel the way I do
With so much emotion I'm confused about you baby
Why why
I could answer but I wont even try
Tell me why baby why
Are there questions unanswered in my mind
So many questions unanswered in my mind
