I can feel you change, but I can't change the way you
feel
I know this might sound strange, but I'm waiting for you
still, if you
Believe your lost you're voice
In a sea of fear and doubt, I'll try to cut through all the
noise, with all
The hope I've found
(Chorus)
Don't run away, don't let yourself fade away
If you could see yourself the way he sees you now
You'd see his love, so hide away, don't let yourself
break away
His arms are strong enough to hold and lift you up

You 'll feel his love, so don't run away

I know you'll find the strength, if you just believe
That there's a better way, it's easier than it seems
It's up to you to make the choice, you I'm always here
Can you hear me through the noise, calling loud and
clear
So don't run, he's waiting there for you, to come
He's reaching out for you, so don't run away
His arms are strong enough to hold and lift you up
You 'll feel his love.
