Many years ago, as a little a girl  
I saw a bright light, in the darkest night  
Twenty-two below, seven feet of snow  
Bundled up, determined to make it there for certain

The futile search of man, cuts across the land  
Bloody ships of sail, we hide behind the veil  
A greedy golden hand, swallowed by the sand  
Thy kingdom comes no more, we're looking for the  
core

Digging down determined to get us there for certain  
The center of the Earth, the heart of the universe  
Fire deep inside, spinning us through time  
The heart of the matter, I hear it getting louder  
Ahhhhhh

I'm your healer and your mind  
I'm your healer and you're mine

I'm your healer and your mind (I'm your healer and  
your mind)  
I'm your healer and you're mine (I'm your healer and  
you're mine)

I'm your healer  
I'm your healer  
I'm your healer, you're mine  
I'm your healer, you're mine  
I'm your healer
