There is a monument in DC
Were the semester lays her head
And you know im subdued up the coast under this
moon
(under this moon)
These winters kill off what the summer thought it
groomed

Cause we know the [x3] truth
Transmissions interfere
We know the truth

There is a penalty in sleeping (in sleeping)
With a stranger in your bed
See i was moving towards a capitol arrangement
And spoke the words out loud that she has never said.
(she has never said)

Cause we know the [x3] truth
Transmissions interfere
We know the truth
Cant find her way
Bright colors fade away
Between the sheets
That's where we'll me

See i was moving towards a capitol arrangement
And spoke the words out loud that she has in her head

Cause we know the [x3] truth
Transmissions interfere
We know the truth
Pride fade away

Between the sheets
That's where we'll meet

See i was moving towards a capitol arrangement
And spoke the words out loud that she has in her head.

Cause we know the truth [x3]
Transmissions interfere

We know the truth
