Fred Durst is a fucking faggot  
He thinks he's black, but he's just gay  
He cancelled a show cuz he sprained his ankle  
He's also a fucking midget

You're not fucking black, you're just fucking gay  
You're not fucking black, you're just fucking gay  
You're fucking gay

The guitarist wears a mask  
To hide the cum stains on his face  
They're the gayest band I've ever seen  
And I've seen the Culture Club live

You're not fucking black, you're just fucking gay  
You're not fucking black, you're just fucking gay  
You're fucking gay

Fred wears a hat to hide his baldness  
I refuse to believe blacks think he's cool  
I wish he'd beaten and raped by some black guy  
And see if he still wants to be black
