He listens to the fucking Smiths!
He's got a moustache...
He wears a trench coat!
He's got a moustache...
He wears black tights!
He writes poetry!
He wears black lipstick!
Under his moustache.

(Little instrumental)

He's got a roller coaster haircut.
He dyes it jet black!
But his hair's really brown.
Just like his moustache!
He wants to be Robert Smith.
But with a moustache...

He's a fucking art fag!
He's got a moustaaache!
