I saw you buying a pearl jam record, and i noticed that you're gay

I saw you hanging around in allston, and i noticed that you're gay

I saw you riding around on your rollerblades, and i noticed that you're gay

I saw you getting your tongue pierced, and i noticed that you're gay

I heard you spend all day on the internet, and i noticed that you're gay

I saw you drinking a frappuccino, and i noticed that you're gay

I saw you wearing a fucking tree shirt, and i noticed that you're gay

You've got a tribal tattoo, and i noticed that you're gay
