Guys used to always buy you drinks  
And they'd always kiss your ass  
Now you just have one tit  
Ha ha you stupid cunt

I always hoped you'd get a.i.d.s.  
But breast cancer will do  
Now you've just got one tit  
But you used to have two

A drunk guy tried to feel you up  
But there was nothing there  
So he punched you in the teeth  
And stole your money, cunt

I always hoped you'd get a.i.d.s.  
But breast cancer will do  
Now you've just got one tit  
But you used to have two
