Eric Clapton sucks, Eric Clapton sucks
Eric Clapton's gay, and he's fucking gay
Your father is the 4th worst songwriter
after Springsteen, Seger and Petty

You were sick of his gay fucking songs
So you jumped out of a really high up window
Your father sucks so fucking bad
You knew you'd get beaten up at school

You were sick of hearing "You Look Wonderfull
Tonight"
So you jumped out of a really high up window
Sometimes I wish you didn't die
Because I hate the song "Tears In Heaven"
I was glad you died until I heard that song
And Kevin Sharp is gay
