She's got a green spike hair
She's a punk rocker
And she's goin' to our shows
Shes' got a big tattoo
And a piercing too
She doesn't know where go
Another night alone
Another show

She wait til our show l'ts over
To bring me up she'll do it like that
This time this is the best time of our lives

She's likes Pennywise, Nofx, A.F.I
And the big dick guys
She's don't want a friend
She hates all the trends
She wanna do it again
Another dick inside her
Another show

She wait til our show l'ts over
To bring me up she'll do it like that
This time this is the best time of our lives
