From Yalta to Malta
- The struggle between
No marhall plan
Only bloodsucker Stalin

Soon we shall
Soon we've see
Soviet power
Victory

My bitter rage
Can't reveal
Scream of beggars
Scream and sing

Stalin sonata -
- Fools never loose
Anal stench attack!!
- Hammer and sickle coming

A wound you know will never heal!!

Solidarity, Gorbachev, star wars
China, Korea, Berlin wall falls

For advantage
Corporate
Still alive
Spread disease

Stalin Sonata -
- Fools never loose
Anal stench attack!!
- Hammer and sickle coming
A wound you know will never heal!!
