History repeat once again
Ready to open the performance
(All is clear)
Standing by one side two big boss
Stalin, Lucifer speak to us

Let us know your voice
Let us know your eyes
Let us know your choices
Let us know your price!

The knowing number - 666
With scoffing laughed are waiting for
(Congres party)
Inviting guest means drugs and sex

Pouring the blood and speak to us

The heavens are on fire
The heavens are in blood
Let me fall from from this highest
Let me fall on on the ground

There's no door in these cold walls
Hearing the helpless dying screams
(Satan rules)
Party is over, curtain down
Beginning of the end
