Ching-ti god from the east
I offer you this puritane
For the supreme sacrifice
And to satisfy the rage of the masters...

Form the blood - to fill the chalice
For the world - to drown
In a sea of fornication,
Vices and sadomasochism...

I release my inner self
And give my body and soul away
To Litan-Wo the priest of lust!

Victims and tyrants
The sacred art of bestiality
Represent the malefic forces
Of darkness and desolation...

I want to possess another body
Awaiting for a just born
To follow the eternal chain
Ritualizing the satanic cult... (repeat)

Prophecies of the abyss
Witness of sinister...
Prophecies of the abyss
Witness of sinister...

Profecias del abismo
Testigos del siniestro...
Profecias del abismo
Testigos del siniestro...
Profecias del abismo
Testigos del siniestro...
Profecias del abismo
Testigos del siniestro...
