In the borders of your mind
Teasing death
Your sick neurones begin to rise
Through never ending labyrinth
Take a long trip
Which you just return
Once death

Morbid Solo: Evil Noizer

The enjoy themselves
Practicing new tortures
Calling it therapy
The enjoy themselves

Repeat verse 1 and 2

Now horrible tortures
Are applied on you
Trying to bend your being
With hard discharges
Believing they save you
From intense therapy
You will die!!!

(Chorus)

Slaved minds, torture therapy

Repeat verse 3 and chorus

You are trapped there is no escape
The only way out is Death (X4)
