Unholy rites, from the past, demon spells...
Lurking and, seek their black oath... (repeat).

The ancient ones of the magic
Sorceries and exorcism
Invoked and Conqures
For the unseen summoned forces...

The open gates
Of the black time
Knights of hell
Wicked messengers...

[Chorus:]
Tales of sorcery
Tales of sorcery
Tales of sorcery
Tales of sorcery!

In a unholy conspiracy
Rise the pentacle
From the blood covenant kings
Upon the mother earth...

Seek their / wicked revenge
Seek their / wicked revenge

Belief primitive humans
Goat of thousand chaos
Before the moon was worshipped
To the shadows and prayers... (repeat).

The open gates
Of the black time
Knights of hell
Wicked messengers...
