From the most recondite of the dusk
To come the master of terror
With malice and hate
Creating anger into humanityâ€¦

Prevail on land
Destroy in the bonfire
Tormented you are
In the ritual of impurityâ€¦

From the most recondite of the dusk
To come the master of terror
With malice and hate
Creating anger into humanityâ€¦

The midnight ghouls
The midnight spells
The midnight bewitches
The midnight possession !

Get closer to the reverend personage
He will guide youÂ´trhu the hidden road
That path of wished mistery
Which will take you to the unknowâ€¦

Evocation
Premonition
Revelation
Apparition !!!

Fables and tales-macabre histories
Tenebrous suspense-schizofrenic terror
Enter the circle-of merciless devils
With thristy of revenge-and boundless attittudeâ€¦

Tormented by the ghouls
Tormented by the ghouls
Tormented by the ghouls
Tormented by the ghouls !!!
