I feel like I'm losing my mind with no concept of time,
I've got no space.
And I wake up everyday in the same place,
And it's you that keeps me sane,
And this lesson I've learned, I've learned it the hard
way.

Just look into my eyes, they'll never lie.

And I'm only halfway sober,
And it's not getting me any closer.
When words got me down, you keep me up.

Me up, me up, you keep me up, me up, me up.

You keep me up at night when I'm worried sick about
you,
And no one ever said it would be that easy without you.
And I can't keep my hands from shaking,
Baby, you're the only one that can save me.

Just look into my eyes, they'll never lie to you.

And I'm only halfway sober,
And it's not getting me any closer.
When words got me down, you keep me up

And I'm only halfway sober, and it's not getting me any
closer,
And I'm only halfway sober, and it's not getting me any
closer.

Just look into my eyes, they'll never lie.

And I'm only halfway sober,
And it's not getting me any closer.
And you and I can get through any weather,
And I'm only halfway sober.

When words got me down you keep me,
When words got me down, you keep me up
