I'll see paradise
When I'm gone I hope I will
Don't try to survive
'cause of my pain myself I would kill
Mortal my life will end caused by a fly
Anopheles mosquito bite ignored the twilight risk
Nausea vomituration and diarrhea
Accrual of liquids in the lungs fever-stocks
Anopheles - creatures of my god?
Malaria flies that brought me hell

Forever avoiding affected places on earth
I'll see paradise
When I'm gone I hope I will
Don't try to survive
'cause of my pain myself I would kill
Mortal my life will end caused by a fly
Anopheles mosquito bite ignored the twilight risk
Nausea vomituration and diarrhea
Accrual of liquids in the lungs fever-stocks
