

## **Anasarca** **"Inflammation"**

Visit "[Inflammation](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Extreme fever, pain of the neck  
Pain in the head  
Awareness disfunction, consciousness  
Bleeding of the skin  
Bacterias carried by blood  
Cause heart malfunction  
Regurgitation nausea  
Within hours it's possible to die  
Germs existing in liquids  
Not every affected falls sick  
Germs existing in liquids within hours they could die  
Blood pressure in the brain grows dangerously  
Outer walls of the cells are under attack  
Hallucinations, confusedness

Lethargy, irascibility  
Apathetic, restlessly  
Extreme fever, pain of the neck  
Pain in the head  
Awareness disfunction, consciousness  
Bleeding of the skin  
Bacterias carried by blood  
Cause heart malfunction  
Regurgitation nausea  
Within hours it's possible to die  
Germs existing in liquids  
Not every affected fals sick  
Germs existing in liquids  
Withon hours they will die
