[Chorus]

Stuck in her memories,
Theres no easy way out,
He's holding her tightly,
With a smile on his face,
There's no words to call him,
He was her only thread of hope.
She's stuck in her memories,
There's no easy way out,
It's like a story that only we can write...

So artistic that her words are right,
A magic love story in the making,
But there's a trouble on her mind,
He's thousands of miles away,
No comfort for him to stay,

So kiss her lips,
Whisper nicely,
Make her think that life is worth it,
Cos right now, She's all alone,
And he's stuck there without a hope,

And he knows he wants to, hold her,
But there's a problem, He knows her ways,
She can't replace... Him...

Stuck in her memories,
Theres no easy way out,
He's holding her tightly,
With a smile on his face,

There's no words to call him,
He was her only thread of hope.
She's stuck in her memories,
There's no easy way out,
It's like a story that only we can write...

Make, An effort to make me smile,
She can't find comfort in anyone now,
Her closest friend, and strongest companion,
Is fading away from her...

So there's this poison in her head,
It's tearing her apart,
She needs his kiss of love,
To place, On her lips,
To make her see, His adoration for her,

There's nothing
Yeah there's nothing left for her!

Stuck in her memories,
There's no easy way out,
He's holding her tightly,
With a smile on his face,
There's no words to call him,
He was her only thread of hope.
She's stuck in her memories,
There's no easy way out,
It's like a story that only we can write...
