I try to fly away but it's impossible
And every breath I take gives birth to deeper sighs
And for a moment I am weak
So it's hard for me to speak
Even though we're underneath the same blue sky

If I could paint a picture of this melody
It would be a violin without its strings
And the canvas in my mind
Sings the songs I left behind
Like pretty flowers and a sunset

[CHORUS:]

It's heavy on my heart
I can't make it alone
Heavy on my heart
I can't find my way home
Heavy on my heart
So come and free me
It's so heavy on my heart

I've had my share of pleasure

And I've tasted pain
I never thought that I would touch an angel's wings
There's a journey in my eyes
It's getting hard for me to hide
Like the ocean at the sunrise

[CHORUS:]

It's heavy on my heart
I can't make it alone
Heavy on my heart
I can't find my way home
Heavy on my heart
So come and free me
It's so heavy on my heart

Love, can you find me in the darkness, and love,
Don't let me down
There's a journey in my eyes
It's getting hard for my to hide

And I never thought I'd touch an angel's wings

Whooo...

[Repeat chorus til end]
