written by [?]

I suppose, for a man like you
To be the love of my life
That's a lot to ask
But somehow, I feel the right
So here I am, hey babe, with the tables turned
The fear of getting burned, your hand's been cold
I want everything

Or nothing at all, at all
Every, every, everything
Now what am I to do?
You made me fall for you
I want everything
Or nothing at all

I may be wrong, I've been wrong before
But I won't be a fool
Not for you this time
There's some things I'm not going through
So here I stand, hey babe, with a lot to lose
But I wanna see the truth
Through your walls
I want everything

Or nothing at all, at all
Every, every, everything
Now what am I to do?
You made me fall for you
I want everything
Or nothing at all

You told me you love me, you told me you need me
I hear all the words that you say, what you need to do
I'm tired of feeling there's nothing more to believe in
I won't wait for you to break my heart

So here I am, hey baby, with the tables turned
And the fear of getting burned
Your hand's been cold

I want everything
Or nothing at all, at all
I want everything
I want everything
Now what am I to do?
You made me fall for you
I want everything
Or nothing at all, at all

I want everything, I want everything
Now what am I to do?
You made me fall for you, you, you, you, you
Oh, nothing at all
I said nothing at all

I miss ya baby
You're my everything
I want everything
I want everything
Everything
Everything
