

Anathematize "Purge My Evil"

Visit "[Purge My Evil](#)" on MotoLyrics.com

Inside my mind it stirs
Writhing in my deepest scars
The pain of lies we've lost
Unveiled in an agonistic blow of
Fear (for what could be)
Death (by mutiny)
Bleeding (endlessly)
None can save us
Sons (of angels cry)
Nothing (will satisfy)
Rise (for genocide)
Purge my evil

Stand and fight
Your time has come, goodbye!

Beyond her swollen eyes
I see disaster forming
Hearts tear as children of 1000
Break their mother's hold for
Asinine homicide
Leaving brave men to die
Laws never looked so
Easy to break
If now you could see
What you've done to me

(you've) Raped my clarity
(now) Purge my evil

(you will) Stand and fight
Drones in thousands will die

You worthless egotist
Bitch do you have no sympathy?
You have no way to make amends
For what you've done to me
And now your final chapter closed
You're seething in your lies
They obstruct your judgement
Now you've forced this on the rest of your life

(No longer will I remain your prize)

And now I see
It's clear to me
That you are not the one
You crazed my mind
Those fucking eyes
Kept me captive so long

Whore
