And we could ride all night
To the pace of the blinking light
Wishing traffic was faster (Traffic was faster)
Keeping safe distance but courting disaster

We could dance all night
To the sounds of a starting fight
Hoping change would come around (Change would
come around)
Amazing division how sweet the sound

Blame Me! Blame Me! Blame Me!
For mistakes you make but you can't own
Hate Me! Hate Me! Hate Me!
For every honest word that you postpone

Leave me out of this
Your life's a sinking ship
So blame me, blame me, blame me
For mistakes you've made but you can't own

And we could stare all day
At problems that won't go away
Silence is pounding (Silence is pounding)
You're wearing me down these corners they're
rounding

We could scream all night
With no resolve still left in sight
Stop saying you're sorry (Saying you're sorry)
All of these words feel so very empty

Blame Me! Blame Me! Blame Me!
For mistakes you make but you can't own
Hate Me! Hate Me! Hate Me!
For every honest word that you postpone

Leave me out of this
Your life's a sinking ship
So blame me, blame me, blame me
For mistakes you've made but you can't own

Torturing ourselves
We must be into the abuse
If you're the rope that ties us together
Than please make me a noose

Ask me to leave
Then beg me just to stay
Used to run to my arms
But now i walk away

Come and go as you please
I?m like a part time lover
With well worn knees
Well come on

Blame Me! Blame Me! Blame Me!
For mistakes you make but you can?t own
Hate Me! Hate Me! Hate Me!
For every honest word that you postpone

Leave me out of this
Your life?s a sinking ship
So blame me, blame me, blame me
For mistakes you've made but you can?t own
