And we're driving just as fast as we can  
And we're racing to outrun the wind  
It's just me and you and you and me  
So wild and so young, bright-eyed and free

And we're trying to get out of here  
As a small town romance draws ever near  
And I swear we're in the movies  
The highlights come when you kiss me

And the stereo sings our song  
And we don't hesitate sing along

Drive to dream to live we could see the world tonight.  
hear the hope tommorow we could see the world.....

And we're miles from the middle of nowhere  
And neither of us seems to care  
And that's why I love you so-o-o  
So shut your mouth girl no one has to know  
And times seems to drip like Dali  
And neither of us has a place to be  
So once and forever tell me all, tell me all of your  
dreams

And the stereo sings our song  
And we don't hesitate just sing

Drive to dream to live we could see the world tonight.  
hear the hope tommorow we could see the world.....

Drive to dream to live we could see the world tonight.  
hear the hope tommorow we could see the world.....

Is this what driving brings?  
All the while we're singing off key

Is this what driving brings?  
All the while we're singing off key

And we're driving just as fast as we can

And we're racing to outrun the wind  
And the stereo sings our song  
We don't hesitate just sing along  
And the stereo sings our song  
We don't hesitate just sing

Is this what driving brings all the while we're singing off  
key?

Is this what driving brings  
All the while we're singing off key

Is this what driving brings...
