Do you remember when we were just kids
And cardboard boxes took us miles from what we
would miss
Schoolyard conversations taken to heart
And laughter took the place of everything we knew we
were not

I wanna break every clock
The hands of time could never move again
We could stay in this moment (stay in this moment)
For the rest of our lives
Is it over now? Hey, is it over now?

I wanna be your last, first kiss
That you'll ever have
I wanna be your last, first kiss

Amazing how life turns out the way that it does.
We end up hurting the worst, the only ones we really
love.

I wanna break every clock,
The hands of time could never move again.
We could stay in this moment, (stay in this moment)
For the rest of our lives,
Is it over now? Hey, is it over now?

I wanna be your last, first kiss
That you'll ever have.
I wanna be your last, first kiss.

Is it over now? Hey, it's over now
Is it over how hey, it's not over now

I wanna be your last, first kiss
That you'll ever have (that you'll ever have)
I wanna be your last, first love (that you'll ever have)
Till you're lying here beside me with arms and eyes
open wide
I wanna be your last, first kiss for all time
