Are you hiding secrets, from me?
Is there more to this life that I can't see?
What will I find out over time?
Waiting for the moment to arrive?

Why are you lying there?
What are you hiding there?

Hide away, why do you hide away from me?
Hide yourself, why do you hide your face from me?
I'm the only one that can save you now.
I'm the only one that can save you now.

Do you like the shadows in there?
Keep me in the dark, now are you scared?
Whether to have ever set you free.
Tell me, will you buckle at your knees?

What are you hiding there?
Why are you lying there?

Hide away, why do you hide away from me?
Hide yourself, why do you hide your face from me?
I'm the only one that can save you now.
I'm the only one that can save you now.

Lie to yourself, don't lie to me.
Lie to yourself, don't hide yourself.
Hide yourself, let me find you.
Find yourself, let me find you.

Hide away, why do you hide away from me?
Hide yourself away, why do you hide yourself from
me?
I'm the only one that can save you now.
I'm the only one that can save you now.

Hide away, woah. Hide away.
Hide away, why do you hide yourself away?
I'm the only one that can save you now.
I'm the only one that can save you now.
