"I'm here for you" she said
And we can stay for a while
My boyfriend's gone
We can just pretend
Lips that need no introduction
Now who's the greater sin
Your drab eyes seem to invite
(Now tell me darling)
Where do we begin?

Was this over before
Before it ever began?
Your kiss, your calls, your crutch
Like the devil's got your hands
This was over before
Before it ever began
Your lips, your lies, your lust
Like the devil's in your hands

Everyone in this town
Is seeing somebody else
Everybody's tired of someone
Our eyes wander for help
Prayers that need no answer now
I'm tired of who I am
You were my greatest mistake
I fell in love with your sin
Your littlest sin

Was this over before
Before it ever began?
Your kiss, your calls, your crutch
Like the devil's got your hands
This was over before
Before it ever began
Your lips, your lies, your lust
Like the devil's in your hands

Failure is your disease
You want my outline drawn
You are my greatest failure

Discourse your saving song

Was this over before
Before it ever began?
Your kiss, your calls, your crutch
Like the devil's got your hands
This was over before
Before it ever began
Your lips, your lies, your lust
Like the devil's in your hands

Was this over before
Before it ever began?
Your kiss, your calls, your crutch
Like the devil's got your hands
This was over before
Before it ever began
Your lips, your lies, your lust
Like the devil's in your hands
