Seems the scenes, they don't change  
All the actors remain the same  
Stuck in a black-and-white set  
When all the worlds of colour are red

Is it just me, or is life passing us by?  
We breathe then we eat then we sleep  
then we drink and we die, then we die

If not now, then? If not now, when  
If not now, baby?  
Fight back those tears of yesteryears  
Let's move it up, lady  
Take on this life, you and me high  
What are we saying?  
If not now, then? If not now, when  
If not now, baby?

Let's find the end of the world  
Tell the stories that need to be heard  
Want to find myself out there  
Can't be lost when no one cares  
Feels like I've seen this film before  
Ending so predictable  
We're just two lovers trapped in a small town  
Waiting for our big chance to break out  
Let's get out

If not now, then? If not now, when  
If not now, baby?  
Fight back those tears of yesteryears  
Let's move it up, lady  
Take on this life, you and me high  
What are we saying?  
If not now, then? If not now, when  
If not now, baby?

If not now, then? If not now, when  
If not now, baby?  
Fight back those tears of yesteryears  
Let's move it up, lady  
Take on this life, you and me high

What are we saying?  
If not now, then? If not now, when  
If not now, baby?
