The Tragedy of forsaken Angels  
A Drama full of dismal Grief  
once there was Peace in Paradise  
in heavenly Solitude they might dwell  
but bitter Tears dropped out ethereal Eyes  
Chains of weak Obediance made them turn to Hell  
Proud Satan, Thy Revolt unveiled  
sweet Nectar of Aphrodite's Womb  
How could Delight be Sin?  
Rebelling Angels thus darkly seduced  
Initiation of new Eden  
and Astarte rules supreme  
in purest Phoenician Passion  
Ramiel descends  
Icon of empyreal Temptation  
Daughters of Men, drunken of Eros

offer fruitful menstrual Wine  
Bridal Lust, Intercourse, decadent Desires  
Even Jehova's Plague here can't opress  
Secrets of orgiastic Shrine  
A sanguinaire Sacrifice under the Seal of Virginity  
Fountain for Sodom's mighty Gods

...but where there is Darkness there has to be Light  
the Cherubim remember, the Seraphim fright

"How art Thou fallen from Heaven,  
Lucifer, Son of the Morning?"  
the Army of white Angels laughs

"This darkly singing Nightingale  
sounds sweeter than Thy Prayers to me!"
