Like ants, crushed under human feet  
Mankind shall be destroyed  
The universe, turned into a total void  
By the power of Satan  
A black chaos, spreading like a fierce disease  
Tear the heavens open wide  
The black chaos, raging like a burning tide  
Behold the power of Satan

Skies turned black, the light has ceased to be  
Cold is the earth  
Yet scorched by the eternal fire  
Ashes are all that remains of the creation  
An ocean of darkness drowns the universe  
An instant cosmic death  
Spawned forth by the misanthropic breed of the one  
Once fallen from grace

Light'€™! Doomed'€™!  
The world, a vast and perpetual tomb  
The earth'€™! turned to sand'€™!  
Rejoice, universal death is at hand

Like ants, crushed under human feet  
Mankind has been destroyed  
The universe, turned into a total void  
Behold the power of Satan  
The black chaos, brought the heavens down in flames  
Life shall be no more  
The black chaos, triumphant in the final war  
Behold the power of Satan

Damnation brought upon the children of god  
Eternal death is coming for you all

Fallen angels rising with a fury for ages unseen  
Thousand years in chains fueled the hatred towards  
him  
The creator and corrupted judge, now weeping in  
blood  
Witnessing the end  
Paralyzed by fear

Mourning the rebellion of those he once created and  
controlled

Light'Ä€Ä; Doomed'Ä€Ä;  
The world, a vast and perpetual tomb  
The earth'Ä€Ä; turned to sand'Ä€Ä;  
Rejoice, universal death is at hand

Behold the destruction of gods puzzle  
Laid to waste by the spiritual force of evil  
A miracle you say? Creating the whole in six days  
That is nothing compared to the power of our Father  
Who smashed it all in less than a moment  
A creation as fragile as a castle built with dust  
Blown away by the Devil's breath
