Let loose they Satanic forces  
From the fiery dominions of hell  
Let flames and thunder roar  
Let lightning strike from the midnight skies  
Gather thy servants of darkness  
Until all the forces of evil  
Since ages ago we've been waiting for the fall of the  
pearly gates  
The ravens are singing a song  
About adventures... in ancient times

Times of grief from the trees at... the hillside horizon  
Oh, their song is enchanting  
Like a spell the damnation's on  
Have evoked the wrath of the ancient ones

Damnated hell's arrival  
Damnated hell's arrival  
The fiery kingdom is rising  
Damnated hell's arrival  
Damnated hell's arrival  
Suffer beneath the masters whip!

Ages once great seem forgotten  
Now engraved by the time  
No one hears the choirs in the wind  
The ancients breath so frozen  
But now the time is yours  
You're foolish and you're weak and your divine  
moment of lies  
Nothing has been forgotten  
Open your eyes and see...

Damnated... damnated hell's arrival  
Damnated... damnated hell's arrival  
Damnated hell's arrival  
Damnated hell's arrival

Damnated hell's arrival  
Damnated hell's arrival  
The fiery kingdom is rising  
Damnated hell's arrival

Damnated hell's arrival  
Suffer beneath the masters whip!

Hell's raging liars are sown  
Where the forces infernal cross  
The true divine will come forth with seemingly endless  
wrath  
Angelwings I see the burn in the red and fiery skies  
And on the ground below, I behold the shadows... of  
Satan!  
Impressed by this order of chaos  
I scream out a laughter so mean  
No, no one's have, never ever  
A such great and full scene

Open up the gates of hell

Damnated hell's arrival  
Damnated hell's arrival  
The fiery kingdom is rising  
Damnated hell's arrival  
Damnated hell's arrival  
Suffer beneath the masters whip!

Open up the gates of hell
