

And That's How You Wrestle A Bear "Daydream"

I think it's time For something different
That's why I'm giving you my best wishes
I'll wake in time
Set the coarse full speed ahead
And if I could take back what I said
You know I would

I'm trapped in a daydream
And I'm sinking so fast
So I'll pick up the slack
And then get rid of all my fears
So that is that
I think you set the trap
But I can't slice through time
Without you by my side

In my shoulder I feel this stiffness
I'm just looking out for your best interest
As long as I'm alive
So now I'm head over heels
I hope you know exactly how it feel
Because it runs down my spine
