I know I'm here, and girl you're there
And I don't see our path's, crossin' anywhere
You've got your things, and I've got mine
Now all I'm asking for is just a little time
To get know, bout what you do
What you like to drink, and how you like your food
What makes you laugh, what makes you cry
And I'ma tell you what I need, and why

Cause sometimes it seems (sometimes it seems)
That you're the air the that I breathe (the air I breathe)
I feel your body and soul, you make me whole
I gotta know... see I gotta know if you're available

Are you available tonight?
Are you available to meet me outside?
I'm by your window, baby you wanna go?
I wanna take you, I wanna make you over
Tell me do you wanna get freaky baby?
Makin' love until we get sleepy, baby...
Are you available? (I gotta know)
Are you available? (I gotta know)
Are you available? (I gotta know)
Are you available

Can I take you to a place, we can chill and be real
No one else around us, baby tell me how you feel
How you feel?
Tell me your secrets girl, and I'ma tell you mine
Tell me you're available to spend a little time
With somebody who, wants to get to know you
I know it's crazy, but I feel like I already do
Baby open up your soul to me tonight
And I'ma tell you what I need, and why

Cause sometimes it seems (sometimes it seems)
That you're the air that I breathe (that you're the air that
I breathe)
I feel your body and soul, you make me whole
I gotta know... see I gotta know if you're available

Are you available tonight?
Are you available to meet me outside?
I'm by your window, baby you wanna go?
I wanna take you, I wanna make you over (I wanna
make you over)
Tell me do you wanna get freaky baby? (whatever you
want)
Makin' love until we get sleepy, baby... (whatever you
need)
Are you available? (I gotta know)
Are you available? (I gotta know)
Are you available? (I gotta know)
Are you available

Girl I know it's late, and you done had a long day
But, I got a couple things that I wanna say and I just
can't wait
Cause I, I wanna look in your eyes in and then I wanna
see the sunrise in them
I wanna hold you close, and I don't wanna ever let you
go (oh ohhhhhh)
Girl, are you available!?

Are you available tonight? (my baby)
Are available to meet me outside? (oh, meet me
outside your window)
I'm by your window, baby you wanna go?
I wanna take you, I wanna make you over
Tell me do you wanna get freaky baby? (do you wanna
get freaky?)
Makin' love until we get sleepy, baby (makin' love until
we fall asleep)
Are you available? (I gotta know)
Are you available? (I gotta know)
Are you available? (I gotta know)
Are you available
