lay down your arms,
guns on the floor
i don't wanna fight with you no more (no more)
i'm calling seize fire
or retreating
see we both gone lose
best believe me

we're in the trenches (woo)
lets climb on out (lets climb on out)
cos our relationship is in doubt
give me my orders
and i'll applied
cos it's killing me inside

i'm like a walking, wounded
my heart is bruised
sick of dodging bullets
in this love at war
so tired of going through it
don't think i can do it
this ain't what i bargained for
this love at war

let's quit the tactics
stop with the razor sharp tone, over reacting (over reacting)
i call for peace now
lets make a mend
before this love affair ends
oh let's both be real
this love's a battle
don't need the extra distractions we can't handle
let's fix the game plan
i'm thinking we can
both agree to just walk away
and love another day

i'm like a walking, wounded
my heart is bruised
sick of dodging bullets
in this love at war

so tired of going through it
don't think i can do it
this ain't what i bargained for
this love at war

baby i gotta say it
this love at war
something i never anticipated
this love at war
no easy way to deal with
so sick and tired of dodging bullets
i declared don't wanna do this
don't wanna be left again

i'm like a walking, wounded
my heart is bruised
sick of dodging bullets
in this love at war
so tired of going through it
don't think i can do it
this ain't what i bargained for

cos i'm like a walking, wounded
my heart is bruised
sick of dodging bullets
in this love at war
so tired of going through it
don't think i can do it
this ain't what i bargained for
this love at war

can't take no more of
this love at war
