I'll be your piece de resistance, I'll be your piece de resistance

Now I take my dirt and love and affection

And point it right into your direction

I'll be sure life has been missing I will

Said I will

And I can see desire in your eyes

And I can see you desperately wanna try

Cause I will be the sugar to your cavity tube

Yeah you may lose it, you still abuse it

[Chorus:]

I'll be your piece de resistance, when you call me

You can have what you want

I could you be your free, girl your bride to be

If you wanted me forever,

Piece de resistance, the only thing that you know you want

I'll be your piece, I'll be your piece de resistance

Piece de resistance, the only thing that you know you want

I'll be your piece, I'll be your piece de resistance

Now I will take my style and fashionable looks

I will snake you like a fish to a hook

I will touch and tease you every emotion

I shout, yeah I shout

And I can see the weakness in your eyes

I took you when I broke you down to size

I will be the nicotine to your addiction

I'm what you been missing

What you wishing for

[Chorus:]

I'll be your piece de resistance, when you call me

You can have what you want

I could you be your free, girl your bride to be

If you wanted me forever,

Piece de resistance, the only thing that you know you want

I'll be your piece, I'll be your piece de resistance

Piece de resistance, the only thing that you know you

want  
I'll be your piece, I'll be your piece de resistance

Whoa, whoa, your piece de resistance  
Then I can be in front of family  
And I can be your freak in the sheets, yeah  
Then take me to the party  
And no one knows how naughty we are, no, no  
And I know you be satisfied, you can hide  
That

[Chorus:]

I'm your piece de resistance, when you call me  
You can have what you want  
I could you be free, girl your bride to be  
If you wanted me forever,  
Piece de resistance, the only thing that you know you  
want  
I'll be your piece, I'll be your piece de resistance  
Piece de resistance, the only thing that you know you  
want  
I'll be your piece, I'll be your piece de resistance.
