Aye A-a-august August woo
This one right here's real special

She got the face of a goddess
Of all of the girls up in the club
She the hottest
And she don't be tryin to flaunt it
Cos shawty got class, style and modesty to boot
She don't be tripping over cash and the liquor
She don't give a damn about the watch on my wrist
Her swagger unbelievable

Ima tell her now in case she didn't know
It would be my pleasure (it would be my pleasure,
pleasure)
To give her everything
'Cause I know she only cares about me
And it's my pleasure (pleasure)
To give her what she wants
Anytime she wants
It's mine
(The pleasure's all mine)x6
Oh-ohhh

She never complaining
Whether it's the street or the bedroom
Shawty got my back for sure
And when a brother feels tired from the studio
She know exactly where to go (she goin down)
And never, ever, ever asking me for more than I'm
willing
And even when I ask too much she givin' it up yea
That's what's up yea-ya-ya

Ima tell her now in case she didn't know
It would be my pleasure (it would be my pleasure,
pleasure)
To give her everything
'Cause I know she only cares about me
And it's my pleasure (pleasure)
To give her what she wants

Anytime she wants
It's mine
(The pleasure's all mine)x6
Oh-ohhh

A round of applause for my lady (aye)
A round of applause for my girl (my girl)
'Cause she can have it all anytime she call
She can have the world
'Cause her love is unconditional

She earned it (x3)
Yea, yea, yea she earned it
She earned it (x3)

(Now Ima tell her again)

Ima tell her now in case she didn't know
It would be my pleasure (it would be my pleasure,
pleasure)
To give her everything
'Cause I know she only cares about me
And it's my pleasure (pleasure)
To give her what she wants
Anytime she wants
It's mine
(The pleasure's all mine)x7

And I'm a tell her again that
(The pleasures all mine)x6
Oh-ohhhh oh-oh

Woo
Clap your hands for my baby
Thank yah
